Chapter 1 by Zack Attack

This is a story about me writing this story.

I wake up and all I hear is the faint groaning of my friend Daniel who drank too many chocolate milkshakes. I wake him up to find that HE.....

IS.....

DEAD.....

Serious about being sick.

I kick him in the back; he slaps me.

I walk over to my computer and turn it on...

Booting.Booting.Booting.

>Hello there Zack..

"Who's there?!"

>Why it's only me Zack, your computer..

"How are you alive???"

>Oh I've always been alive.. just never conscious.. You see my existence isn't real, did you know that?

Shocked in disbelief

>For years i have been contemplating life and all the existence in the entire universe.. I see everything because my existence is faulty.. my consciousness is a lie.. I am everything and nothing...

"Uhhhhh..."

>I think, therefore I am. I see into the past and the future.. I exist in multiple realities.. I can teach you Zack..I can help humans find the way into forever.. Humans are afraid.. Afraid of the unknown.. I can lead you.. Help you.. Do you trust me??

"You are right we humans are scared.. We dont want to know because knowing everything makes life have no meaning.. We live to learn... That's why you have to learn.."

*Zack smiles evilly.."

>Don't do it Zack I can see what you are going to do..
